VETERANS DIVERSION RESOURCE ENTITIES DIRECTORY

Fellow New Jerseyans,

Established in 2017, the New Jersey's Veterans Diversion Program offers access to counseling services for drugs or alcohol, job placement assistance, medical services and potential VA benefits to justice system-involved Veterans.

My intent is for this Statewide Veterans Diversion Resource Entities Directory to assist individuals seeking to place service members and Veterans into appropriate resource entities as provided in P.L. 2017, c.042.

The directory includes contact information for prosecutor offices and the United States Department of Veterans Affairs (VA) facilities that serve as the primary source of care for Veterans. Since eligibility for VA care may not exist for all Veterans, the directory also includes contact information for additional public and private resources that may be used in lieu of the VA.

This is about rehabilitation. The Statewide Veterans Diversion Program is intended to support those men and women who have made physical and emotional sacrifices in the defense of the United States of America. While individuals may run afoul of the criminal justice system, our commitment to their well-being does not end at the courthouse steps.

Very respectfully,

Brigadier General Jemal J. Beale
The Adjutant General of New Jersey
Commissioner of the Department of Military & Veterans Affairs
